

Based on international advanced design concept, upgrade the structure, adapt to the needs of various users.

Adopt international advanced production facilities—laser cutting machines, automatic welding

robots, CNC facilities etc, to achieve top standard tooling operations.

Combine chemical treatment process and electrostatic spraying process, ensure perfect appearance.

Main tube thickness: 3mm, combine oval tube thickness: 50*100mm

Warm up before exercising, grasp handles, step on pedals,

knees on the down pads, sit stably on pads.

Make downward stretching by your foot as the supporting point, well stretched the body before exercising.

Specifications

DIM: (L)1320*(W)490*(H)970mm

N. W. : 28KG
